

CANDIDATE PROFILE FORM

4. Please tell us about your other Cornell volunteer activities?

I am currently the campus advisor of the Delta Mu Chapter of Omega Psi Phi Fraternity, Inc. As mentioned previously, I am along with another black graduate student from the business school have lead the Inkwell Homecoming Tailgate Party for the past two years. This event brings together students, faculty, staff, and alumni of color together for the homecoming game. We have provided free food, drinks, and entertainment to the community largely from our own pockets. Last year, we had the largest number of people of color at the tailgate than any other tailgate party. We hope to continue this and bring in CBA as a collaborator for the upcoming year.

5. What thoughts or other information would you like to share with the CBA general body?

I am excited about the possibility of working with CBA in this capacity. As a graduate student, I see this as a substantial area of expansion where we as a alumni association can provide resources. Historically, alumni association usually underserves these individuals and I plan to tackle this head on. In the recent years, Cornell University has significantly increased the number of black graduate student especially in the business schools. As a campus leader in the graduate and professional school, I believe my skill set will allow CBA to further expand its presence.
